Experience

Frontend Simplified (Remote) May 2026 - Present

Junior Frontend Developer

- Collaborated with mentors and fellow developers through code reviews, project feedback, and technical discussions.
- Completed an intensive web development program focused on modern frontend and full-stack technologies
- Applied REST APIs to frontend performance and component design, covering load time optimization and responsive layouts.
- Strengthened problem-solving skills through real-world projects and coding challenges.

Skinstric AI (Remote) Dec 2025 - Mar 2026

Frontend developer

- Built and shipped a real-time AI skin analysis platform with Next.js and the OpenAI Vision API at 98% detection accuracy.
- Developed a responsive Tailwind CSS UI with animations; dynamic recommendation cards lifted session retention by 40%.
- Optimized performance with Next.js Server Components and Lottie, cutting analysis time to under 2 seconds.
- Designed a modular, reusable component library that accelerated A/B testing and frontend iteration cycles.

Projects
